Fabiano Ferrari

Personal Details

Civil status: Married
Nationality: Italian
Date of birth: 24 October 1975
Place of birth: Cremona

Targets & Interests

I am interested in furthering my career in directions that suit my background and interest in safety processes. To that end, I am currently seeking opportunities that might be available in the full spectrum of global businesses. I am focussed on success in my career and I am always keen to improve my knowledge and experience in all aspects. I have a proven academic track record of aptitude to research and development and I have demonstrated an excellent attitude towards Safety Management Systems:

"Our Safety is the minimum promise to our family!"

Professional Experiences

1. April 2014 – Present – *Green Oleo S.r.l. – Cremona.*

- Job Description: **Plant Manager.**
- Skills and additional tasks: Safety & Environmental Chief Executive, Operation Manager, Engineering Manager (interim), Safety Trainer (AiFOS Register).
- Responsible for 65 FTE.

2. October 2013 – April 2014 – *Green Oleo S.r.l. – Cremona.*

- Job Description: **Site Engineering & QHSE Team Leader, RSPP (ATECO 5).**
- Skills and additional tasks: Hazard Study Leader (Process Safety), REACH & CLP Focal Point, High Direction Representative, Technical Director for toxic gas handling (NH3), Behavior Based Safety Expert (BBs), G.M.P. Team Leader (EFfCI standard), Regulatory Focal Point, Safety Trainer.
- Responsible for 12 FTE.

3. December 2012 – September 2013 – *Green Oleo S.r.l. – Cremona.*

- Job Description: **QHSE Team Leader, RSPP (ATECO 5).**
- Skills and additional tasks: Hazard Study Leader (Process Safety), REACH & CLP Focal Point, High Direction Representative, Technical Director for toxic gas handling (NH3), Behavior Based Safety Expert (BBs); G.M.P. Team Leader (EFfCI standard); Regulatory Focal Point, Safety Trainer.
- SHEQ Team Leader with 2 FTE (SHEQ Advisor).

4. June 2010 – December 2012 – *Croda Cremona S.r.l. – Cremona.*

- Job Description: **SHEQ Manager, RSPP (ATECO 5).**
- Skills and additional tasks: Hazard Study Leader (Process Safety); I.P.P.C Responsible; High Direction Representative; Behavior Based Safety Expert (BBs); Integrated management System responsible (OHSAS 18001 / ISO 14001 / ISO 9001); QHSE Internal Auditor; G.M.P. Team Leader (EFFCI standard).
