

Marcello Notari – Eni Downstream R&D/TEPROD, San Donato Milanese

Name:	Marcello Notari (marcello.notari@eni.com)
Education:	Chemistry Degree
Eni employee since:	1991
Current job title:	Additives & Engine Lubricants Technical Leader
My job in a few words:	Research & Development on Additives and Engine Lubricants

Work Experiences

- 1991-1995: Enichem Synthesis/Enichem (S. Donato M.se) – Researcher of Chemical Intermediates Laboratory
- 1998-2005: Enichem/Polimeri Europa (Novara) - Researcher of Chemical Intermediates and Catalytical Processes Laboratory
- 2005-2015: Enitecnologie/Eni R&M /DOW R&D (S. Donato M.se) – Researcher of lubricant additives laboratory and Additives Project Manager
- 2015 to today: DOW R&D (S. Donato M.se) – Technical Leader of Additives and Engine Lubricants laboratories
- 14 patents in the field of Chemical Intermediates and Additives for Lubricants

An achievement I am willing to share

- Development of a new biodiesel from vegetable oils and dimethylcarbonate
- Development of new "sulphur free" lubricant detergents based on calixarenes
